

Accessing C-Square Wheelchair & Mobility Impaired Access

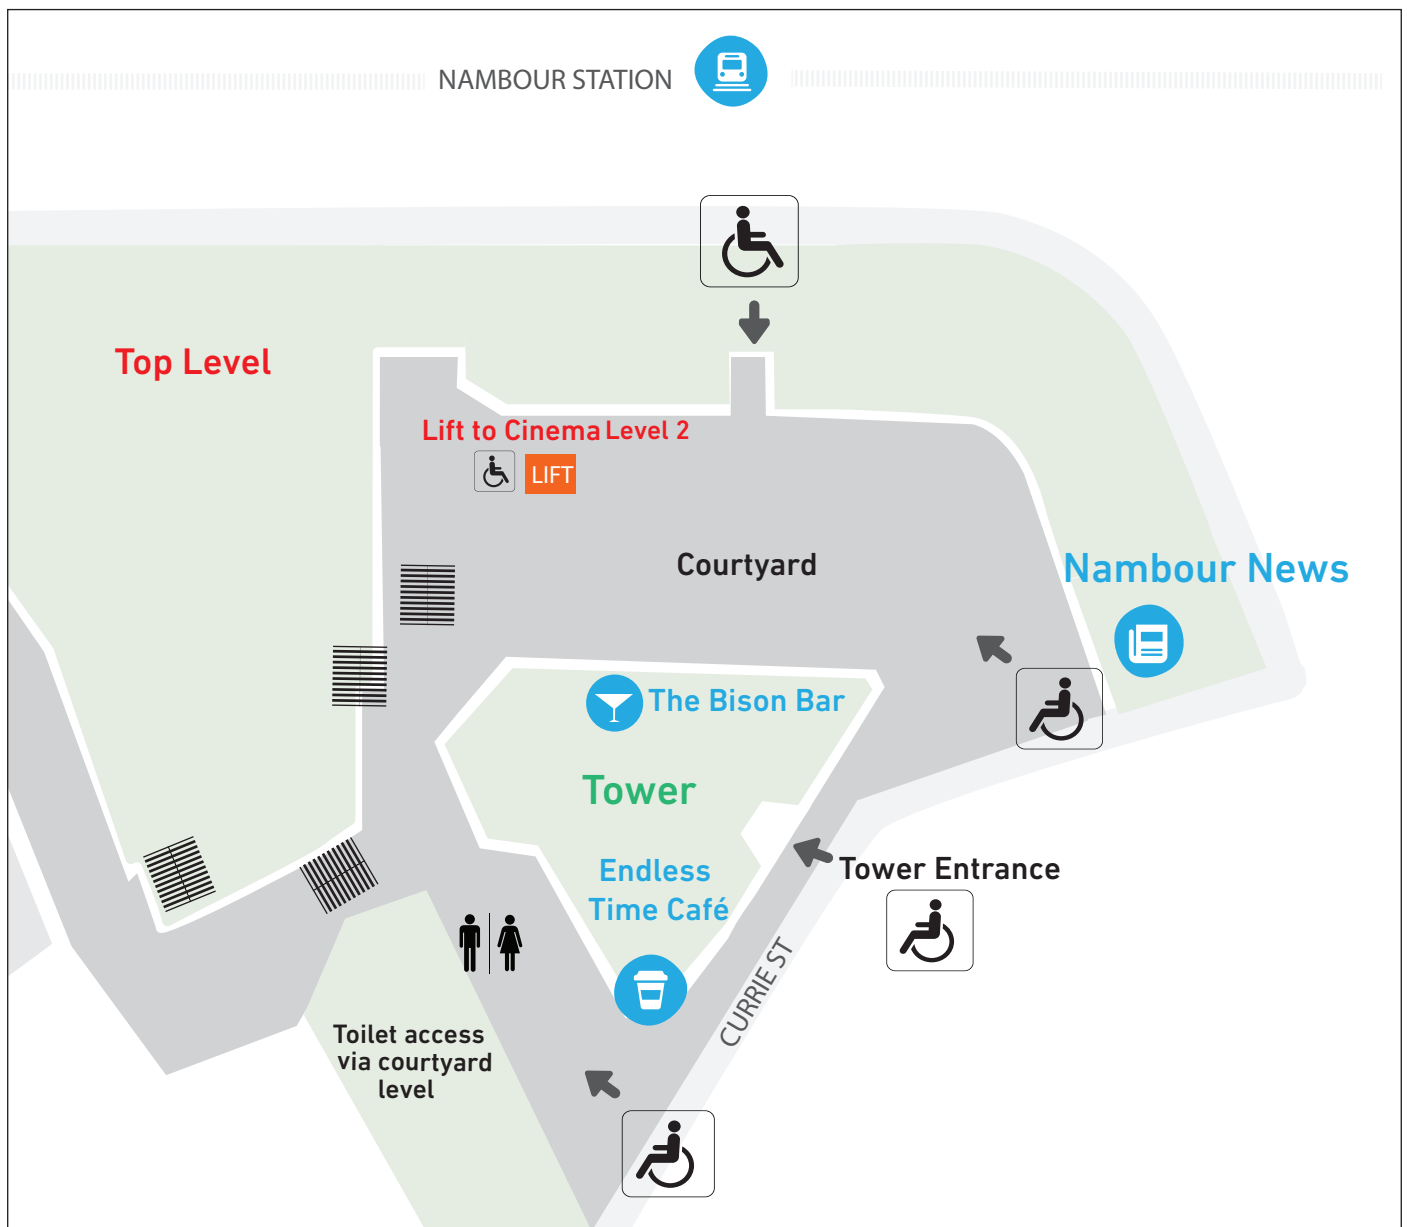

C-Square supports equity in access and navigation through the precinct.

Wheelchair access to C-Square is provided from two points on Currie Street and from the bus and train station. The below map shows you where these access points are.

Note that the entrance next to Endless Time Cafe is a gently ascending undercover ramp, and access into the courtyard near Nambour News is outdoors and descends.

If you are seeking access to the C-Square Tower you will find a flat entrance into the tower from Currie Street and lifts available to all levels.

ACCESSING MAJESTIC CINEMAS AND OTHER DESTINATIONS IN C-SQUARE

If you are seeking access to Majestic Cinemas you can park on level two of the Secure Parking facility on Mill Street where you can access the cinema foyer directly and without having to negotiate any stairs.

Alternatively, if you access C-Square from any other entrance point you can take the lift to Majestic Cinemas, this lift also provides access to all other levels of C-Square. See the map for the location of the lift.

If you park on the ground floor of the carpark, a ramp connects the carpark to the back of C-Square from the northern end of the carpark. Park here if you are accessing any other destination in C-Square or transiting through to Currie Street or the bus and train station.
